# What is xDine SmartServ?

xDine SmartServ brings all the power of a POS & payments into a pocket-sized, user-friendly device. Orders & payments can be taken anywhere in a restaurant, eliminating the need for stationary POS workstations. It is available on two device types, one with a printer and one without a printer.

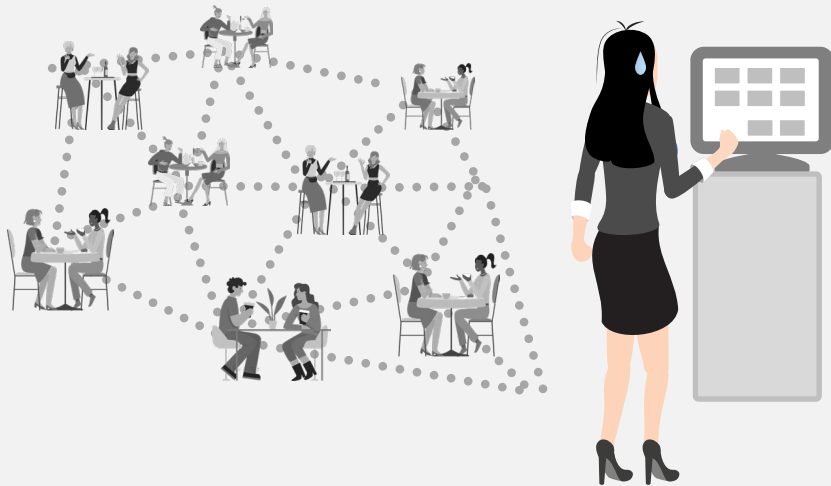

With SmartServ, restaurants can offer a seamless ordering and payment experience directly at the table, enhancing efficiency and accuracy while freeing up staff for more meaningful guest interactions. SmartServ is compatible with a wide range of POS systems, making it an easy, impactful upgrade that drives customer satisfaction and operational excellence.

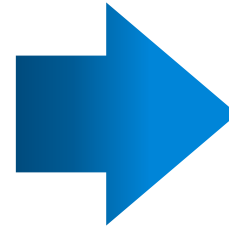

# Transform Your Operations with SmartServ

## The Past

## Traditional POS Set Up

- ✗ Bottlenecked order entry
- ✗ Human error prone, more waste
- ✗ Kitchen inefficiencies
- ✗ Workstation dependence
- ✗ Sore feet!
- ✗ Less floorspace
- ✗ More staff required
- ✗ Slower service

## The Future

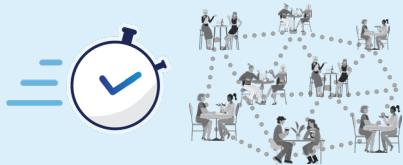

## xDine® SmartServ Solution

- ✓ Direct to POS integration
- ✓ Increased kitchen efficiency
- ✓ Less human error, less waste
- ✓ Serve more w/ less staff
- ✓ Less walking
- ✓ Reclaim floorspace from POS
- ✓ Fast mobile printer
- ✓ Faster service

# Key Features & Benefits of SmartServ

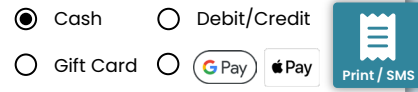

## Faster Table Turns

### Capitalize on Peak Hours

Faster service means faster table turns, which is great for capturing sales at peak hours.

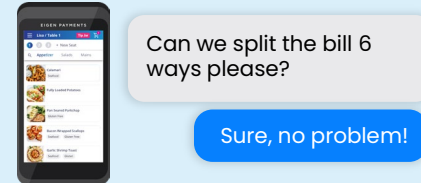

## Flexible Payments

### Convenient & Efficient

Take payments directly at the table, including tap options like Apple Pay & Google Pay.

## Easy Training

### User Friendly Design

From easy order entry to bill splitting, serving has never been easier! Get staff ready to serve in record time.

## Section Assignments

### Easy Staff Management

Quickly change floor plans and assign staff to sections on the fly.

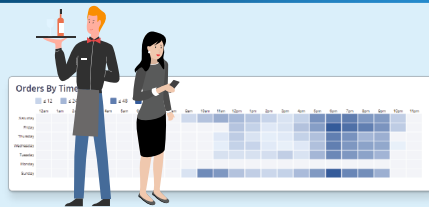

## Seamless Operations

### Orders flow into Kitchen

xDine's POS integration allows for table-side orders to flow directly into your kitchen's KDS.

## Strategic Staffing

### Optimize for Busy Times

See order trends by time of day and align your staffing and prep times to maximize impact.

## Guest Insights

Items Ranking	Item	Sales
1	Butternut Squash Ravioli	\$4,181.21
